

### **Programme Specific Outcome (Economics)**

PSO1	Economics is the only social science that awarded Nobel Prize
PSO2	It leads naturally to careers in business, law, education, banking, insurance, journalism, public policy, diplomacy, environmental science, medical administration, international affairs and in research and consulting.
PSO3	It is one of the most important subjects offered by the students for different competitive exams i.e. Indian Economic Services (IES), Indian Administrative Services (IAS). Recent surveys of arts colleges and universities indicate that economics continues to rank among the most popular subject chosen by students at UG and PG level.
PSO4	An understanding of economics is relevant to advance study in such fields as History, Political science, Sociology, Geography, Anthropology, legal, environment, health and demographic issues.
PSO5	Economics provides a student with a wide array of both subject-specific and transferable skills, of enormous importance in today's modern inter-dependent world.
PSO6	It facilitates clear and consistent policy formulation advice and analysis.
PSO7	Economics provides students with numerical and computing ability as well as enhanced communication and presentation skills.
PSO8	Students acquire problem-solving skills and develop a logical, ordered way of looking at various economic problems.
