

Program Specific Outcome

M.Sc. (Mathematics)

PSO 1:- The students will have sufficient Mathematical knowledge to begin a carrier in Mathematics applied Mathematics or a related field.

PSO 2:- Students will demonstrate the ability to use symbolic, graphical , numerical and written representations of Mathematical ideas.

PSO 3:- Students will learn how to access and utilize resources that will facilitate and further Mathematical study or Research.

PSO 4:- Students can investigate and apply Mathematical problems and Solutions in a variety of contents related to science, technology, business and industry and financial Maths problems.

PSO 5:- Gain Experience while exploring open ended problems, learn to make conjectures and gather evidence to support or refuse these conjectures.

PSO 6:- Students are able to discover the challenge of Research in Mathematics.
