## ***Message***

As I pick up my pen to write this piece of editorial, a particular feeling is dominating my mind that this is the last time I am addressing you as Chief Editor of Divyasudha – the Yearbook. On this occasion when I am going to retire after almost 37 years of service in this college, I would like to give you a few valuable tips garnered from a very long experience in an educational institution. And interestingly enough, I realize that these values can be adopted not only in your professional life but in personal life too.

Any work done with sincerity not only gives you satisfaction but it ultimately leads you to success too in your endeavours.

Commitment to your profession is another value which gives you a feeling of fulfillment. Without a sense of commitment, your efforts remain half-hearted. It ensures full application of your potential which would definitely yield good results.

Learn to accept challenges in your life and most of the challenges in students' life demand hard work. In fact, hard work itself is a challenge. Face this challenge and accept it. Let me assure you that hard work never goes waste. Cultivate passion for your work. Anything done with passion becomes a source of pleasure.

Remain truthful in your life and do what is RIGHT. Always support and stand up for people who have remained steadfast in their commitment to truth and have fought for these values.

Believe me, these values would never let you down in any circumstances.

Wishing you all happiness and bright future ahead.

Enjoy the new edition of Divyasudha- the Yearbook taking you back into session 2023-24 highlighting the achievements and activities of the session. Happy Reading!

# भावपूर्ण श्रद्धांजली

हमारे प्रिय साथी श्रीमती अंजना देवी जी इस वर्ष हमारे बीच नहीं रहे । उनके आकस्मिक निधन से डी.ए.वी. परिवार शोक संतप्त है। वर्ष 2009 से 2023 के कार्यकाल में हॉस्टल वार्डन के रूप में अंजना मैम एक आकर्षक, निर्भीक, अनुशासित व्यक्तित्व के तौर पर पहचानी जाती थी । हॉस्टल की छात्राओं के लिए उन्होंने मां, सखी, मार्गदर्शक, अध्यापिका की भूमिका का कुशलतापूर्वक निर्वहन किया। उनका इस तरह अचानक से चले जाना हमारे लिए अपूरणीय क्षति है । हम सब डी. ए. वी. परिवार की तरफ से दिवंगत अंजना देवी जी को भावभीनी श्रद्धांजलि तथा उनके परिवार के लिए हार्दिक संवेदनाएं व्यक्त करते हैं। हमारे परिवार का सदस्य होने के नाते आप सदैव हमारे हृदय में रहेंगे ।

## सारा आसमां चाहिए

मुझे मेरे हिस्से का पूरा आसमां चाहिए, कम नहीं, आधा नहीं, पूरा चाहिए, कम नहीं, आधा नहीं, पूरा चाहिए, मैं सीता, मैं राधा, मैं अहिल्या की वंशज हूँ, संकट से कभी ना डरने वाली हूँ, मैं अब अबला नहीं सबला हूँ मैं, इसलिए कमजोर नहीं हूँ मैं, खुद अग्नि बन तपना सीखा है मैंने तभी तो सोना बनी हूँ मैं, राते मुश्किलों को हराया है मैंने, जीवन की हर मुश्किल डगर में, खुद अपने आप मंजिल पायी है मैंने, झांसी की रानी - सी वीरता है मुझमें, जग है मुझसे इसको मैंने गढ़ा है, फिर क्यों आज भी अंधेरा घना है रोशनी की शलाका में खुद जलाऊँगी, अपने हिस्से के सारे आसमां और धरा को जगमगाऊँगी, मुझे मेरे हिस्से का पूरा आसमां चाहिए, कम नहीं, आधा नहीं, पूरा चाहिए। मुझे मेरे हिस्से का जहाँ चाहिए।

उस ओर जाना है मुझे, खुदकी मेहनत को सफल कर दिखाना है मुझे।  
मुश्किले आएंगी पर खुदको, कामयाबी का ताज पहनाना है मुझे।

Quincy

माना कुछ चीजें हमारे अनुसार नहीं होंगी,  
पर इसका मतलब यह नहीं कि इसमें हमारी हार होगी।  
यह तो उस खुदा की मर्जी है कि कौन सी चीज वो हमें देने के लिए राजी है,  
विश्वास है मुझे उस खुदा पर, और इसी विश्वास के दम पे  
मेरी जिंदगी में एक दिन सफलता की बहार होगी।

Quincy

सुबह सुबह जब आँसू खुली  
चिड़ियों ने चहचहाया  
हवाओं का झोंका सरसराया  
मीठी धूप की किरणों ने सराहा  
मानो जीवन धन्य हुआ।

यो कौन है जो तुझे जगायेगा  
वो तू ही तो है वो तू ही तो है  
जिसे सबने भगवान बताया।

तू है समाया हुआ  
प्रकाश में, पुण्य में  
विकास में, दिव्य में  
दुआओं में, प्रार्थनाओं में  
हर उस पवित्र भावनाओं में।

जो जीवन देती है  
धरा की सभी संरचनाओं में  
वो तू ही तो है, वो तू ही तो है  
जिसे सबने भगवान बताया।

## हसीन जहां

आजो मिलकर गाएं कवित्त, एक हमीन जहां की,  
जहां कोई न हो इम भीड़ भाड़ का हिस्सा  
आजो मिलकर सुनें उन सन सन करती हवाओं की,  
जो अलग हों इन जूआं युक्त हवाओं से।  
कुछ तो अलग सुकून है उन पहाड़ों में  
जो इस शोर शराबे से दूर मन को दे आराम।  
जहाँ के फूलों की महक, तिलकियों की सुंदरता,  
जो इस सुते पड़े खाली मन में भर दे रंगीनता।  
उन कल कल करने बहते झरनों और नदियों  
में है जो शक्ति भरदे वह कानों में सपुंरता...  
दूर कैले खुले मैदान के खालीपन में भी अचनपन सा लगता है,  
जो करते जूनन हमें इस कनाबटी दुनिया से...  
जहाँ न हो मन में चुपता, हो भर भर के मन में संतुष्टता...  
जहाँ के स्थायित्व कैसा न है खान पान आनके  
यह विवाकटी आपुनिक मिष्ठान...  
जहाँ श्लेष खुल कर करते हों खान  
और बाँटते हों सुख दुख और दिन रात...  
आजो मिलकर गाएं कवित्त, एक हमीन जहां की।  
जहां ना हो कोई इम भीड़ भाड़ का हिस्सा।

यह जीवन है।  
यहाँ खुंकार जीव बड़े हैं,  
अटल वृक्ष मार्ग रोक खाते हैं।  
ऐसी कठिनाइयाँ ते भरा मन है,

इसके दस मुख तुराचारी,  
शक्तिशाली, अत्यंत जाँकारी।  
ऐसा दशशीव राखण है,

अक्सर गुलाम वो ही बनते, जो खुद से नहीं लड़ते।  
लड़ने की तो दूर की बात, ये तो सोचा भी नहीं करते।  
ये ऐसे लोग है, जो धरती पे बोझ है।  
क्या दुनको सहना आता है, या ऐसे ही रहना आता है।  
क्यों करते हैं ये ऐसे, क्यों मरते हैं ये ऐसे।

क्या इन्होंने आत्म्या में उजाला नहीं देखा, या किसी के मुँह से निवाला नहीं देखा।

अगर देखा तो, इस दर को क्यों नहीं फेंका।  
इस दर को बाहर निकालो, और जिंदगी को गुलाम बनालो।  
कैसला सत्यका है या तो जिंदगी को सजा लो या फिर  
जिंदगी को हटाकर मंदगी लया लो और उले अपना लो।

## "THE SUN"

There is a flower which blooms,  
blooms and spreads beauty around  
And then, so enigmatically the evening falls,  
the sun sets.

There is darkness  
the never-ending darkness. The night, the night of suffering – the physical injury feels like never-  
ending, feels like everlasting.

The flower which once bloomed, spread beauty, bloomed, spread life is now helpless, is about to die  
The flower which once made others admire its beauty searches for a reason to smile.

And finally, the Sun rises,  
The Sun so full of life, full of light  
spreading its light on numberless flowers - that Sun rises again,  
its light so bright, makes the flower smile,  
the flower which was about to die finds  
the beauty again,  
my doctor makes me smile again.

Yes! my doctor so full of life and light makes this flower bloom again,  
he makes me smile again.

The Sun full of life, full of light  
spreading its light on numberless flowers, rises everyday  
The Sun rise every day, makes countless deep dark,  
dull flowers bloom again.

And now, the flower which was about die,  
is full of life again  
Has found a reason to smile again  
The Sun no less than the God  
Gives life to her, gives her a ray of Hope,  
Gives her a ray of light  
A ray of light, bright enough to remove all the darkness.

The flower which was about to die,  
is full of life again. A new day, a new chapter begins

The flower and the countless flowers out there  
find their lost light every day  
The Sun no less than GOD  
Spreads life and hopes every day.

The Sun so full of life, full of light  
spreading its light on numberless flowers  
Makes her smile again, makes her smile every day.

## "A Sanguine Soul"

A swan amongst the fishes  
Outshining in the ocean  
Her aura so pious and pure  
Heartily kindness she pours

Eyes of light green gemstones  
Jewelled in her adorable features  
Like a silver lining she transcends  
The blue sky over snowy clouds

She paints with heartfelt mildness  
Fills the canvas of tender love  
Leaving the lens unblinked  
With black and coloured ink

With softness that of slipping satin  
And ease of the morning moon  
With all my luck I got her  
Benevolent beauty of friendly bloom.

Faraway from worldly ominous energy  
Of angelic vibe - a charming maiden  
An upbeat, preen, Sanguine soul  
Out of a girl – the supreme award

## IMPORTANCE OF SKILL IN HUMAN LIFE

In the heart of a hidden village, where whispers of magic danced on the wind and secrets were whispered among the trees, a young man named Arjun found himself at the center of an extraordinary tale. With his nimble fingers and a mind curious as a cat, Arjun possessed a rare talent for fixing things that seemed beyond repair. Arjun was known for his humble nature and his knack for fixing broken things. However, he never thought his skill would play a significant role in his life. One day, a mysterious stranger arrived in the village, seeking help. The stranger claimed to possess a magical artifact that could grant immense power, but it was broken and needed repair. Intrigued, Arjun took up the challenge, unaware of the adventure that awaited him.

As Arjun delved into the task of fixing the artifact, he discovered hidden symbols and intricate mechanisms. Determined to unravel its secrets, he tirelessly worked day and night. Along the way, he encountered numerous obstacles and faced dangerous situations that tested his courage.

Little did Arjun know that his skill for fixing things was not just about repairing Objects; it was about understanding the intricate connections between different parts and finding innovative solutions. As he pieced together the artifact, he gradually unlocked its true potential. However, as Arjun delved deeper into the repair, he stumbled upon a dark secret. The artifact he was fixing had a dark history and was sought after by a group of powerful individuals known as the shadow society. They believed that the artifact held the key to ultimate power and would stop at nothing to possess it. Arjun found himself entangled in a web of danger and intrigue. He had to outsmart the members of the shadow society, who were relentless in their pursuit. With each passing moment, the stakes grew higher, and Arjun realized that his hidden skill was not only a means to fix things but also a weapon to protect somebody or himself. In the final moments of repair, when all seemed lost, Arjun's skill revealed its true power. The artifact, now fully restored, emitted a radiant glow, unveiling its ability to heal and protect. The stranger, amazed by Arjun's dedication and talent, revealed that the artifact was a symbol of inner strength and resilience.

With a smile, the stranger left the village, leaving behind a quote etched in Arjun's mind: "Skills are like hidden treasures, waiting to be discovered in the depths of our souls. They may seem insignificant at first, but in the face of adversity, they become our guiding light." And so, Arjun's journey taught him the invaluable lesson that skills, no matter how seemingly small or insignificant, can hold immense power and significance in one's life. It reminded him and the readers that nurturing and honing our skills can lead us to conquer even the most challenging situations.

# Technology is Ruining job Market

Mahatma Gandhi said, "I hate not the machines but I hate the passion for the machines which work in diminishing man's power." Today we live in an epoch of globalization and Industrialization where technology has reduced the distances like never before. It is the cradle of human progression and evolution, but the question as for today is, can it become the grave annihilator. The bitter truth is that technology has made us slaves. I believe no man today can live without his phone, television, and other gadgets. It has increased productivity and efficiency, doing tremendous work in couple of seconds. We very proudly say that this machine can do work of a thousand persons. It has ruined more jobs than it has created. In early times, the poor families engaged themselves in cottage and small-scale industries. In the rural India people used to drive the tongas and bullock-carts but now with the invention of cars, they lost their means of livelihood. Technology poses a great threat to teachers , architects, journalists and peasants.

Biotechnological revolutions and machine oriented farming is becoming evident these days leaving the poor farmers behind the race.

The use of smart classes and tabs for learning have reduced the involvement of human teachers in classes. The day is not far when robots will be teaching our prodigies.

The glimpses of our future can even be seen today. A recent report indicates that robotic automation will result in net loss of 5 million jobs across 15 developed nations by 2020.

I am not against modernization but against worshiping technology lord of salvation. Technology is indeed a human marvel but it is a bane of toiling human race.

Even Gandhi ji imagined a complete self- sustained society with small scale and cottage industries, not ventured by modern technology because he knew technology would rupture the idea of employment and ultimately the living conditions of people. Let's take television for instance. It is a great source of entertainment in modern times. But it is a wastage of time and a big distractor. Every effort engaged to improve technology would alter the lives of a million men. To not let this happen, we should reduce technological interference in our lives. There should be a proportionate involvement of machines and human labour in a factory. Gandhian ideas such as that of self employment should be cherished. The people should not over-depend on gadgets for they make humans lethargic. I would like to end up by saying a quote of Christian Louis Hange, " Technology is a useful servant but a dangerous master."
